To the kiwi town of Christchurch rode a stranger one fine day
Hardly glanced at all the Muslims, didn't have too much to say
No one dared to ask his business, no gave him eye contact
The stranger there among them had a rifle on his back
Rifle on his back

In this town there was a big mosque with the name Masjid Al-Noor
Many Muslims came to pray there, and they hoped for many more
They were vicious third-world killers, rapists, welfare queens and worse
And our hero planned to send them all to Allah in a hearse
Allah in a hearse

It only took him sixteen minutes and he racked up forty-nine
He double tapped those muslims, wasn't wasting any time
And his statement, his agenda, when he let those bullets fly,

Was a simple plea: "Remember lads, subscribe to Pewdiepie.
Subscribe to Pewdiepie."

It's quarter to two

There's no one else in the place 'cept muzzies and me

So set 'em' up pewds

I got a little story I think you should know

We're poppin' my friend

To the end of a brief reload

So make it 48 for my bros

And one more on the road

I know the routine

Put another mag in that good ol' machine

I'm feeling so good

With all that music memie and mad

(At least I tried for you mate)

Why do white people celebrate the murder of innocents and even dozens of children?

Even "mudslimes (so clever btw)" dont get together and have celebration threads when a muslim commits terrorist acts.

This is fucking great with the music added. Could you email me? I can re-record with my good mic (wasn't set up at the time) and send you a good audio file, and if you could add it to the song again I could put it up on my channel for /pol/ (not shilling, I don't take gigs).

Just made a quick rundown video last night (may work as a sort of proof as my voice should sound similar): <https://www.bitchute.com/video/JNUalbN8hqT7/>

This is legit true.

I literally never heard of Islam until 9/11 and mass migration.

Now knowing you guys, I kinda like some aspects of the religion. I wouldn't mind Christians taking up some doctrines. (Like Baptists are already iconoclastic and alcohol free, Orthos are already J-woke, Mormons patrol their thots.)

Sad that we started on the wrong foot.

I'll tell you as someone who LEFT Judaism and fucking hates Jews now:

That synagogue attack was used by politicians to get Jew shekels. The second it happened, all of our email boxes blew up with "anuddah shoah" donation requests from the DNC. I did NOT get those in my emails that aren't associated with Jewish websites.

The vultures will create 1,000 rapefugees for every dead Jew. Best option is to make Muzzies and Jews uncomfortable here, self-deport to their M.E. sand box and fight. I'm not even picking a side anymore. I just don't want it here. I'm 100% done. Fuck'em.
